For Immediate Release

McMAHON ASSOCIATES, INC. HIRES NEW PROJECT MANAGER & PROMOTES SENIOR PROJECT ENGINEERS

Fort Lauderdale, FL - McMahon Associates, Inc., a transportation engineering and planning firm with experience since 1976, announces the addition of Richard DiCesare, P.E., PTOE as project manager, and promotions of Ali Asghar and Natalia McGuckian to senior project engineer.

Mr. DiCesare received his associate in applied science in civil engineering technology from Mohawk Valley College. He has over 20 years of specialty experience in traffic analysis and design. Mr. DiCesare is a registered professional engineer and is certified as a professional traffic operations engineer. He is also a member of several organizations including the Institute of Transportation Engineers and the Professional Services Management Association.

Ali Asghar received a bachelor of engineering in 1998 from the University of Engineering and Technology, and then went on to receive his masters of engineering from Carleton University. Mr. Asghar performs a wide range of tasks including reviews of traffic impact studies, Development of Regional Impact (DRI) reviews, link and turning-movement projections, development of corridor studies, signal warrant analyses, and safety studies.

Natalia McGuckian received a bachelor of science in civil and environmental engineering from Florida International University in 2001. Ms. McGuckian's experience includes transportation engineering including traffic operational analysis, traffic impact studies, and capacity analyses for both public- and private-sector clients. She currently provides transportation engineering services such as travel demand forecasting, traffic signal warrant studies, interchange and intersection operational analyses, corridor studies, signal timing and phasing analyses, and traffic impact studies for proposed developments.

McMahon Associates, Inc. specializes in traffic engineering and design services, with regional offices in Palm Beach Gardens, Fort Lauderdale, Miami, and Fort Myers, Florida, with over 120 full-time employees firm-wide. Other markets served are New England and the Mid-Atlantic states. For further information, call John S. DePalma, vice president and regional manager, at 561-840-8650, or via email to john.depalma@mcmtrans.com.
