**For Immediate Release**

## McMAHON ASSOCIATES, INC. HONORED WITH COMMUNITY AWARD

**Fort Washington, PA (Corporate Headquarters), June 28, 2007** - McMahon Associates, Inc., a full-service transportation engineering and planning firm with over 31 years of service, was honored with the prestigious Community Award given by the Partnership Transportation Management Association (PTMA), for their outstanding work on the Forty Foot Road project in Towamencin Township, Montgomery County, PA. This award is given to an individual, municipality, or organization that has implemented or helped to implement programs that increase mobility.

The Forty Foot Road project includes the widening of Forty Foot Road within Towamencin Township from a two-lane roadway to a five-lane roadway for a distance of approximately one mile to accommodate both existing and future traffic volumes. McMahon has worked on every phase of this project, dating back to the initial planning stages more than ten years ago. While the construction is still being wrapped up, the roadway was opened to traffic in December of 2006 and it has significantly helped to improve traffic flow in the area and

is expected to be even a bigger benefit in the future with the continuing development pressures in the area.

McMahon received the award during an awards luncheon on Friday, June 15, 2007, at the Annual Meeting in Gwynedd, PA. Jack Mitchell, P.E., associate and general manager of the Fort Washington office, received the award on behalf of McMahon. He stated, "We at McMahon are very proud to work in a strong partnership with Towamencin Township and PennDOT to see the long-ago vision come to fruition."

McMahon Associates' mid-Atlantic offices are located in Fort Washington (corporate headquarters), Exton and Camp Hill, PA, and Yardville, NJ combined currently employ 90 of the company's 130 full-time employees. It also has four offices in Florida and two in New England. McMahon's primary services include transportation planning/traffic studies, expert witness testimony, land survey, traffic signal design and permitting, highway design and permitting, structural design, Intelligent Transportation Systems, GIS, and construction services for both public and private clients. For more information, please contact Joseph J. DeSantis, P.E., PTOE, executive vice president and regional manager, at (215) 283-9444, or via email to [joe.desantis@mcmtrans.com](mailto:joe.desantis@mcmtrans.com).
