McMahon Associates Hires New Project Manager for its Boston, Massachusetts Office

Boston, MA, February 5, 2007– McMahon Associates, a full-service transportation engineering and planning firm with over 30 years of service, is proud to announce the addition of Ralph DeNisco to their traffic engineering department as project manager.

Mr. DeNisco, a resident of East Boston, received his Bachelor of Arts degree in economics from Boston College. He later studied urban planning at Boston University Metropolitan College. Mr. DeNisco has been involved transportation planning since 1996. His professional experience includes serving as a senior transportation planner for the Boston Transportation Department. He specialized in conducting transportation studies and surveys, including public process and interagency coordination, analyzing proposed developments to assess impacts, ensuring compliance with transportation policy goals, and developing mitigation strategies. Mr. DeNisco has proven success for projects for the Massachusetts Bay Transportation Authority, the city of Boston, and numerous other public, as well as private sector clients.

McMahon Associates is located in downtown Boston, Massachusetts, with eight additional Mid-Atlantic and Florida regional offices, including the corporate headquarters in Fort Washington, Pennsylvania. McMahon's primary services include transportation planning/traffic studies, expert witness testimony, land survey, traffic signal design and permitting, highway design and permitting, transit planning and design, Intelligent Transportation Systems, Geographic Information Systems, and construction services for both public and private clients. For more information, please contact William T. Steffens, MCP, MBA, vice president and regional manager, at (617) 725-0099, or via email to bill.steffens@mcmtrans.com.
