McMAHON ASSOCIATES, INC. ANNOUNCES NEWLY CERTIFIED TRAFFIC OPERATIONS PRACTITIONER SPECIALIST

Fort Washington, PA, May 7, 2009 - McMahon Associates, Inc., a full-service transportation engineering and planning firm with over 33 years of service, is proud to announce that Brian Jones recently achieved Traffic Operations Practitioner Specialist (TOPS) certification.

The TOPS certification is sponsored by the Transportation Professional Certification Board, Inc. and enacted by the Institute of Transportation Engineers. TOPS is designed as a broad assessment of knowledge in traffic operations and is for practitioners without professional licensure. Prior to taking the required exam, an individual must have at least five years of related working experience or academic experience. The exam consists of 100 questions and problems on six areas of traffic operations engineering: traffic operation studies, traffic devices, elements of design, traffic safety, incident management, and transportation management. The certification complements the Professional Traffic Operations Engineer (PTOE) certification.

Mr. Jones, TOPS, a project analyst of McMahon, has eight years of experience in traffic engineering. He received his bachelor of science in environmental planning from Millersville University. He resides in Willow Grove, Montgomery County, Pennsylvania.

McMahon's mid-Atlantic offices are located in Fort Washington (corporate headquarters), Exton and Camp Hill, PA; Yardville, NJ; and Bowie, MD, and combined currently employs 75 of the company's 120 full-time employees. It also has four offices in
