**McMAHON ASSOCIATES, INC.
ANNOUNCES PROMOTION OF
CASEY A. MOORE, P.E. AND MARK A. ROTH, P.E.**

Fort Washington, PA, March 7, 2008 - McMahon Associates, Inc., a full-service transportation engineering and planning firm with over 31 years of service, is proud to announce the promotion of Casey A. Moore, P.E., to Principal and Mark A. Roth, P.E., to Associate of the firm.

Casey Moore is Vice President and serves as Director of Business Development of McMahon. He is a registered Professional Engineer in Pennsylvania, New Jersey, Delaware, Maryland, and Florida. Since graduating from Penn State University in 1989, with a degree in civil engineering, his work experience has included geotechnical engineering and construction services, but in his nearly 17 years at McMahon, his experience has been focused in the areas of transportation engineering, transportation planning, highway engineering, and signal design. He serves multiple private sector and public sector clients, as well as the Township Traffic Engineer for several Delaware Valley municipalities, working to assure and improve efficient operating conditions on transportation networks.

Corporate Headquarters: Fort Washington, Pennsylvania

Serving the East Coast from 11 offices throughout New England, the Mid-Atlantic, and Florida

In addition to his work responsibilities, Mr. Moore is involved and active in several professional affiliations, as well as his Penn State alma mater. He is an active member of several, including the Institute of Transportation Engineers (ITE), where he has served by the Section and District as President. In 2002, Mr. Moore received the Young Engineer of the Year by both the Pennsylvania Society of Professional Engineers, as well as the Engineers' Club of Philadelphia.

Mark Roth currently serves as General Manager of McMahon's Yardville, New Jersey Office. He is a registered Professional Engineer in New Jersey and Pennsylvania. Mr. Roth graduated from Drexel University in 1992 with a degree in civil engineering and since has over 15 years of transportation engineering and planning experience ranging from conducting area wide transportation and corridor traffic studies to preparing transportation engineering impact studies. He has performed engineering and planning services for municipalities, states, and other professionals regarding present and future traffic patterns, congestion management strategies and applications, corridor development improvements, improvement designs based on study area needs, and regional highway network modeling. Additionally he is a member of the Institute of Transportation Engineers for the Mid-Atlantic section.

McMahon Associates' corporate office is located in Fort Washington, PA, as one of our 11 east coast offices. McMahon's primary services include transportation planning/traffic studies, expert witness testimony, land survey, traffic signal design and permitting, highway design and permitting, bridge design, Intelligent Transportation Systems, Geographic Information Systems, and construction services for both public and private clients. For more information, please contact Rodney P. Plourde, Ph.D., P.E., President, at (215) 283-9444, or via email to rod.plourde@mcmtrans.com.
