McMAHON ASSOCIATES, INC. ANNOUNCES PROMOTIONS & PROFESSIONAL ENGINEERING LICENSURE

Palm Beach Gardens/Fort Lauderdale, FL - McMahon Associates, Inc., a transportation engineering and planning firm with experience since 1976, announces the promotion of John P. Kim, P.E. to senior project manager, R. Trent Ebersole, P.E. to senior project manager, and Patricia Dahl, P.E. to senior project manager. Additionally, James E. Angstadt, P.E., recently attained his Professional Engineer license in the state of Florida.

Mr. Kim received his Bachelor of Science degree in industrial and systems engineering from Florida International University in 1994. Mr. Kim's experience in traffic engineering and land use planning began in 1996. Mr. Kim's tenure with McMahon Associates has provided him with a vast amount of experience managing a myriad of projects for both private and public sector clients that includes the preparation of traffic impact studies, traffic signal warrant analyses, traffic calming studies, concurrency analysis, site plan review and design, future land use amendment

studies, and parking demand analyses. Mr. Kim is a Professional Engineer in the State of Florida, and a member of the Institute of Transportation Engineers.

Mr. Ebersole received his Bachelor of Science in civil engineering from Virginia Polytechnic Institute and State University in 1989. He then received his masters of science in environmental engineering from George Washington University in 1995. He has provided comprehensive transportation consulting services for private sector clients in support of local and state land development processes. Other experience includes corridor improvement studies, urban and rural area transportation plans, master planning, land use/transportation linkage, environmental studies, and conceptual highway design. Mr. Ebersole is a registered Professional Engineer in the State of Virginia and is a member of the Institute of Transportation Engineers.

Ms. Dahl received her Bachelor of Science in civil engineering from Drexel University in 1997. Her experience includes signal, signing and marking, and maintenance of traffic plans preparation per Florida Department of Transportation, county and city guidelines; CADD design, field reviews and traffic surveys; and guardrail and sign structure calculations. She is a member of the American Society of Civil Engineers and the Institute of Transportation Engineers.

Mr. Angstadt received his Bachelor of Science degree in civil engineering from the University of Pittsburgh in 1984. Mr. Angstadt has 21 years experience in highway design, including storm sewer and storm water management systems, erosion control, NPDES, and Environmental Resource permitting.

McMahon Associates, Inc. specializes in traffic engineering and design services, with regional offices in Palm Beach Gardens, Fort Lauderdale, Miami and Fort Myers, Florida, with over 130 full-time employees firm-wide. Other markets served are New England and the Mid-Atlantic states. For further information, call John S. DePalma, vice president and regional manager, at 561-840-8650, or via email to john.depalma@mcmtrans.com.
