For Immediate Release

McMAHON ASSOCIATES, INC. HONORED WITH PARTNERSHIP AWARD

Fort Washington, PA - On Wednesday, June 14, 2006, McMahon Associates, Inc., was honored with the prestigious Partnership Award given by the Greater Valley Forge Transportation Management Association (GVFTMA), for their leadership in creating public/private partnerships to manage congestion.

Sharing the "backyard" with the GVFTMA, McMahon is headquartered in Fort Washington, Montgomery County, PA, and proudly serves the area with a common interest in improving our transportation network and systems, and resolving its issues.

The strong relationships that McMahon has built with their many public and private clients through the past 30 years in this region has helped them to promote and successfully serve public-private partnerships, as well as enhancing and maintaining the transportation systems in all of the regions they service. Specific to the area the GVFTMA serves McMahon has served the majority of GVFTMA service area municipalities directly as a consultant, either on a specific project or in the role of its transportation engineer. McMahon clients include, or have included, Townships of Abington, Cheltenham, Collegeville, Conshohocken, East Coventry, East Norriton, East Pikeland, Jenkintown, Lower Merion, Lower Providence, Lower Pottsgrove, Norristown, North Coventry, Phoenixville, Plymouth, Pottstown Borough, Schuylkill, Tredyffrin, Upper Dublin, Upper Merion, Upper Pottsgrove, Upper Providence, West Norriton, Whitmarsh, Whitpain, and Worcester. Several townships abutting the GVFTMA boundary have also been long-time clients of the firm.

Accepting this award on behalf of McMahon was Casey Moore, P.E., Vice President of McMahon. He serves their four Mid-Atlantic offices as a Senior Project Manager and Principal-in-Charge for transportation engineering projects. In 2002, Mr. Moore was recognized locally in the Delaware Valley by the Engineer's Week Council, as well as statewide by Pennsylvania Society of Professional Engineers as the Young Engineer of the Year. He is a registered Professional Engineer in Pennsylvania, New Jersey, Delaware, and Florida. In his 15 years at McMahon, Mr. Moore has focused his expertise in the areas of public and private transportation engineering and planning, several municipalities as their traffic consultant, and has highway and signal design skills. Mr. Moore is actively involved in many professional associations, serving in leadership roles of several, including the GVFTMA, Mid-Atlantic Section of Institute of Transportation Engineers (ITE), American Council of Engineering Companies/PA, American Society of Highway Engineers, and participating on the Delaware Valley's Engineer's Week Council and Penn State Traffic Engineering & Safety Statewide Conference Steering Committee. He is currently serving as the V.P. of the ITE District 2 (covering PA, South NJ, DE, MD), and will be President in 2007.

All at McMahon recognize what it takes to complete transportation projects in a timely and cost effective manner for their clients. The firm has made a strong commitment to building successful and long-term relationships, serving the community at large, and continuing its personalized, responsive transportation solutions.

McMahon Associates' mid-Atlantic offices are located in Fort Washington (corporate headquarters), Exton and Mechanicsburg, PA, and Yardville, NJ combined currently employ 90 of the company's 130 full-time employees. It also has four offices in Florida and one in New England. McMahon's primary services include transportation planning/traffic studies, expert witness testimony, land survey, traffic signal design and permitting, highway design and permitting, structural design, Intelligent Transportation Systems, GIS, and construction services for both public and private clients. For more information, please contact Joseph J. DeSantis, P.E., PTOE, executive vice president and regional manager, at (215) 283-9444, or via email to joe.desantis@mcmtrans.com.
